

A close-up photograph of a white metal frame, likely for a chair or desk. The image shows several curved and straight bars connected by smooth, rounded joints. The lighting is soft, highlighting the clean lines and metallic texture of the frame against a plain white background.

Strap

Inspired by the sun loungers of the 1970s, the Strap collection summons a sense of nostalgia for social swimming hubs and endless blue skies. But clean lines and hardwearing materials make the collection a timeless classic fit for modern times. Both elegant and durable, Strap is made from 70% recycled aluminium, which may be recycled again after the product has served its purpose.
